values

THECLEFT.ORG

We will offer students an inviting **[place]** they won't want to leave and will never forget.

> We always bring our best, give our best, and serve our best!

We don't recruit volunteers, we **[develop revolutionary]** leaders.

> Our staff are gifted by God and empowered to reach the next generation.

We advance young and old to **[invest]** into the next generation.

> It requires the resources of Multi-generations to make a significant impact.

We creatively **[share Jesus]** through relationships and intentional moments.

> Students will hear the good news in their own language.

We're all about our **[partners]**.

> We can accomplish infinitely more together than apart.
